Södertälje - Adventure and Experiment

Södertälje is a city with an old ancestry and located where Lake Mälaren and Lake Saltsjön meet. The two connect to the Södertälje Canal which has the largest locks which every year thousands of boats cross and are welcomed by Södertälje's Guest Harbor which has won a prize as Sweden's best harbor.

The city and the surrounding area offers many exciting attractions and sights. Did you know almost 1.5 million people visit our attractions every year and with the science center “Tom Tits Experiment” and Sydpoolen (Waterland Adventure) are leading the way?

Tom Tits Experiment is Sweden's largest science center with around 400,000 visitors per year. There are more than 600 experiments for which children and adults can experiment

with natural phenomena such as water, air and optical illusions. Sydpoolen is a bathing paradise for all ages with fantastic adventures and also offers relaxation and Spa.

But, there is so much more in Södertälje. For example, we have a Royal Palace, a “Mini Skansen”, an inside Sports Hall for volleyball, a Go Kart Center, Sweden's best restaurant, Ytterjärna Cultural Center with its magnificent architecture, four golf course, and much more.

You can read more about Södertälje on our website www.sodertalje.nu

We invite you to discover and experience Södertälje - perhaps Sweden's best city for children ... and adults!

See and Do

Welcome to the Culture Centre! Foto: Shutterstock

Worth Seeing

Birka

At Björkö, on Mälaren, we find Sweden's first city, "Birka," which was founded in the 750's. Take a guided tour through the area or visit our museum.

Boat to Birka leave from Södertälje during May-September or you can choose to go with the Steamship Ejdern or one of the "Strömma Kanalbolaget" boats.
